**CHROMALLOY NAMES INDUSTRY VETERAN DENNIS WALSH  
VICE PRESIDENT OF BUSINESS DEVELOPMENT**

**ORANGEBURG, N.Y., September 29, 2009** – Chromalloy announced today that industry veteran Dennis Walsh has been named Vice President of Business Development.

“Dennis is a seasoned leader with deep experience in the gas turbine engine industry, including casting and investments,” said Armand F. Lauzon, Jr., President. “He joins a global company committed to working with our customers to develop technologies that will help them drive down their turbine engine operational costs.”

Walsh previously was General Manager of GE Dallas On Wing Support, a business of GE Aircraft Engines.

Prior to that, he was President of Triumph Accessory Services, a former GE Aircraft Engines gas turbine engine accessory business, following the business’s acquisition from GE as well as for several years prior to GE’s divestiture of the turbine engine accessory unit.

He held several years of GE Aircraft Engines leadership positions, including business analysis, Supply Chain management and casting quality. Walsh also worked for GE Medical Systems, developing continuous improvement programs for the unit.

He began his career as an Investment Castings Process Engineer at Howmet Gas Turbines and Precision Castparts Corporation.

Walsh holds a Bachelor of Science degree in chemistry from Old Dominion University and a Master of Business Administration from Xavier University.

Chromalloy is a global supplier of advanced repairs and services for gas turbines used in aviation and land-based applications and repairs.

## 2 – Chromalloy Announces VP Business Development

The company refurbishes and manufactures engine components, and designs and manufactures FAA-approved replacement parts for aircraft engines that are certified to meet or exceed the performance, reliability and durability specifications of original equipment manufacturer parts. In support of land-based vehicles, Chromalloy employs identical engineering disciplines used to produce its FAA-certified parts.

Chromalloy serves commercial, military and industrial turbine engine operators worldwide and has operations in the U.S., Mexico, the U.K., Netherlands, Italy, Germany, France, the U.A.E., Israel, China, Singapore, Thailand, Japan and Australia.

More information is available at [www.chromalloy.com](http://www.chromalloy.com).

###

**Chromalloy** has evolved from a gas turbine parts repair business into the leading independent supplier of advanced repairs, FAA-approved replacement Parts and maintenance, repair and overhaul for gas turbines used in aviation and land-based applications. Chromalloy serves the airline, military, marine and industrial gas turbine segments with a broad range of services at locations in 14 countries around the globe. Chromalloy is authorized by the FAA and EASA and many other NAAs, and is qualified under ISO and NADCAP. Chromalloy is a division of Sequa Corporation.

**Sequa Corporation** is a diversified industrial company with operations in the aerospace, metal coatings and automotive industries. Sequa is a Carlyle Group company. For additional information, visit [www.sequa.com](http://www.sequa.com).
