CHROMALLOY APPOINTS A NEW BUSINESS DEVELOPMENT DIRECTOR TO LEAD TURBINE COMPONENT BUSINESS DEVELOPMENT SALES AND REPAIR STRATEGIES AT CARSON CITY, NEVADA, AND MEXICO OPERATIONS

PALM BEACH GARDENS, FLORIDA, December 9, 2013 – Chromalloy today announced a Business Development Director to lead new component repair developments for turbine engine manufacturers and operators, for the company's Carson City, Nevada, and Mexicali, Mexico, operations.

Jason Humphries, a long-time turbine industry executive and technical expert, assumes leadership of global business development strategies in commercial aerospace, military and energy segments.

"Jason is a seasoned business leader with a track record of success in the turbine component repair industry," said Carlo Luzzatto, President. "His leadership of Chromalloy's Carson City, Nevada, and Mexico development strategies will result in a higher level of service for Chromalloy customers around the world, both in new OEM production and in manufacturer repairs."

Chromalloy's Carson City and Mexico operations provide a wide range of manufacturer and operator repairs on hot section engine components.

Humphries' overall leadership success includes P&L management, operations, compliance, sales and marketing, finance and supply chain with a number of industry leading companies providing engine repair and manufacturing services to the aerospace and energy markets.

He holds degrees in computer and engineering from the Peoples College in Nottingham, England, and Staffordshire University in Stafford, England, and an MBA in business management from Abertay University in Dundee, Scotland.

Chromalloy is a leading supplier of technologically advanced repairs, coatings, investment castings, and services for turbine airfoils and other critical engine components. The

company serves engine manufacturers and operators in commercial aerospace, defense, and the energy industry.

Chromalloy facilities include operations, annexes and sales offices in 17 countries around the world. More information is at www.chromalloy.com.

###

Chromalloy has evolved from a gas turbine parts repair business into a leading supplier of advanced repairs, services, and maintenance, repair and overhaul for gas turbines used in aviation and land-based applications. Chromalloy serves the airline, military, marine and energy segments with a broad range of services at locations around the globe. Chromalloy is authorized by the FAA and EASA and many other NAAs, and is qualified under ISO and NADCAP. Chromalloy is a subsidiary of Sequa Corporation.

Sequa Corporation is a diversified industrial company with operations in the aerospace, energy and metal coatings industries. Sequa is a Carlyle Group company. For additional information, visit www.sequa.com.
