CHROMALLOY ENTERS INTO LONG TERM AGREEMENT WITH PRATT & WHITNEY TO SUPPORT THE NEW PUREPOWER® PW1100G-JM ENGINE SUPPLY CHAIN

Under Two Additional Contracts Chromalloy Will Provide Pratt & Whitney with Aftermarket Services on Legacy Engines

PALM BEACH GARDENS, FLORIDA, December 19, 2013 – Chromalloy announced today that it has entered into three significant new long-term parts and service agreements with leading aircraft engine producer Pratt & Whitney, for manufacturing and supply chain activities on the new PurePower PW1100G-JM engine and to provide aftermarket support on legacy engines.

“Chromalloy continues to build on our long-standing relationship and service excellence to Pratt & Whitney, with a series of agreements to provide manufacturing and aftermarket support on new and legacy systems,” said Armand F. Lauzon, Jr., Chief Executive Officer. “We are pleased to support the revolutionary new PurePower PW1100G-JM engine – designed to power the Airbus A320neo.”

Chromalloy will produce investment cast parts and provide advanced coatings, machining and drilling on other components.

The other two agreements cover materials and services for several Pratt & Whitney and Pratt & Whitney Canada aircraft engine platforms.

Chromalloy is a leading supplier of technologically advanced repairs, coatings, investment castings, and services for turbine airfoils and other critical engine components. The company serves engine manufacturers and operators in commercial aerospace, defense, and the energy industry. Chromalloy facilities include operations, annexes and sales offices in 17 countries around the world. More information is at www.chromalloy.com.

###

Chromalloy has evolved from a gas turbine parts repair business into a leading supplier of advanced repairs, services, and maintenance, repair and overhaul for gas turbines used in aviation and land-based applications. Chromalloy serves the airline, military, marine and energy segments with a broad range of services at locations around the globe. Chromalloy is authorized by the FAA and EASA and many other NAAs, and is qualified under ISO and NADCAP. Chromalloy is a subsidiary of Sequa Corporation.

Sequa Corporation is a diversified industrial company with operations in the aerospace, energy and metal coatings industries. Sequa is a Carlyle Group company. For additional information, visit www.sequa.com.
